RE: Public Meeting Notice  
Garfield Road and/or Lyndhurst Road Connection  
Job# 2008.013 & 2009.011

Dear Property Owner,

For more than a decade, the Town of Amherst has received a number of communications requesting new roadway connections in the Berkley Rd, Ferndale Rd., Harding Rd., and McKinley Ave. neighborhood. Specifically, requests both new and old are on file to connect either Garfield or Lyndhurst Roads between Ferndale and Harding Roads. A neighborhood effort over a decade ago to construct a roadway connection between Transit Road and Wehrle Drive failed over disagreements on which connection should be made.

In response to recent requests of a similar nature, the Town Board has once again asked that roadway connections be explored. Your comments and preference on this topic is important in the decision making process.

A public meeting is scheduled as follows:

**Wednesday, March 14**  
**7:00 p.m.**  
**Main-Transit Fire Hall, 6777 Main Street**

The meeting will include a presentation of roadway connection options, a question and answer period, and an opportunity to provide your comments. Attached is a diagram illustrating the roadway connection options that will be discussed.

A second mailing will be sent out after the presentation that will ask for your roadway connection preference. Please hold your comments, connection preference, and questions until the presentation and the following comment card. If you have any questions regarding the meeting, please contact me either by email at [cschregel@amherst.ny.us](mailto:cschregel@amherst.ny.us) or by phone at 631-7154.

Sincerely,

Christopher P. Schregel  
Traffic Safety Coordinator
