TOWN OF AMHERST
First-Time Homebuyer Program
Down Payment/Closing Cost Assistance

Dear Potential Homebuyer:

The Town of Amherst, as a member of the Amherst-Cheektowaga-Tonawanda HOME Consortium, using the HOME Investment Partnerships Program, offers loans for first-time homebuyers with qualifying incomes to cover the down payment and closing costs associated with the purchase of their first home in the Town of Amherst. These are **long term, deferred payment, interest-free loans up to \$50,000**. You need not make any payments toward the loan until your home is sold, transferred in title, refinanced (home equity, mortgage, etc.) or you cease to occupy the property as your principal residence. At that time the loan would have to be repaid in full. The enclosed information outlines the income and property qualifications for potential applicants to the program.

Supplementary mortgage products with lower down payments are presently available through most lenders to qualified applicants who are eligible for the Town's assistance. A free consultation with a mortgage representative offers valuable information on the home buying process, mortgage availability, credit concerns and the financial assistance available through the Community Development Programs for potential purchases. **It is a requirement that you attend a free first-time homebuyer workshop offered by Belmont Housing Resources for WNY, Inc. Please contact housing counselors at Belmont; 884-7791, x. 131 or visit online at www.belmonthousingwny.org. A copy of the completion certificate must be included with your application for assistance.**

If you think you may be interested in taking advantage of the program, our Town's website contains the information and application packet at www.amherst.ny.us, go to the Planning Department on the home page and it will direct you to the program information. You may also contact the Town's Community Development staff at 631-7053 between 8:00 a.m. and 4:00 p.m., Monday through Friday. You can also e-mail us at sfitzpatrick@amherst.ny.us.

Very truly yours,

First-Time Homebuyer Program
Down Payment/Closing Cost Assistance
2024 Program Guidelines

Purpose

The goal of the Down Payment/Closing Cost Assistance Program is to expand home-ownership opportunities for low-to-moderate income households. Funds for the program are provided using the HOME Investment Partnerships Program, administered by the Amherst-Cheektowaga-Tonawanda HOME Consortium (the Consortium).

Assistance

Deferred, zero percent (0%) loans up to \$50,000 for down payment and closing costs will be provided to income-eligible homebuyers obtaining mortgage financing for the purchase of a home. The funds can also be used to buy down points. The property to be purchased must be located within the legal limits of the Town of Amherst.

Down Payment Assistance

The Town of Amherst will provide up to \$50,000 to assist homebuyers with their first-home purchase. The amount of the assistance will be based on a household's income versus the housing debt (front-end debt ratio). The Town will provide funding to bring the front-end debt ratio down to 35%. The overall household debt (back-end debt ratio) cannot be more than 45%. If there is funding left over, then the Town will cover all the closing costs or a portion of the closing costs. The down payment assistance will be forgiven in a period of 15 years if the homebuyer continues to occupy the home as their principal residence.

Closing Costs Covered

- Buyer's financial responsibilities associated with purchase of home at closing [as listed on page 2 of the closing disclosure statement, **not including** fees paid outside closing such as the property appraisal, property inspection & 1st year of homeowner's insurance;
- Property and school tax adjustments and reimbursements and escrow funds;
- Title insurance, recording fees and tax stamp fees;
- Bank attorney fees;
- First year mortgage insurance premium.

Non-Discrimination

Loan funds are available to persons without regard to race, religion, color, national origin, sex, age, disability, marital status, military status or familial status and source of income. (As of March 5, 2012 sexual orientation or gender identity is included as protected classes).

Definition of Income

Gross Annual Household Income means the income of ALL household members age 16 and older, from ALL sources including: wages, salaries, commissions, tips, bonuses, severance pay, interest, dividends, alimony, maintenance or support payments, child support, Social Security, SSI, unemployment compensation, pensions, retirement benefits, disability payments, worker's compensation payments, annuity benefits, public assistance payments, net business income, royalties, IRA distributions, self-employment income, etc. **Taxable** as well as **nontaxable** forms of income are considered as household income for purposes of this program. Calculation of household income must fairly and accurately represent household income pursuant to federal regulations at 24 CFR Part 5.609. If the household income of an applicant cannot be determined, the applicant's household income will be presumed to be greater than 80% of area median income, and therefore the household will not qualify. Verification of income eligibility will be valid for a period of up to 180 days.
